(Late Agent of U. S. Patent Office, Washington, under the Act of 1857.)
NO. 76 STATE, OPPOSITE KILBY ST.,
BOSTON.
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patens or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar Assignments recorded at Washington.
This Agency is not only the largest in New England, but through its inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the wishes for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative thereto. These, besides his extensive library of legal and mechanical works, and full accounts of patent granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.
CHAS. MASON, *Commissioner of Patents.*

"I have no hesitation in assuring Inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
Boston, February 8, 1858.

"Mr. R. P. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twelve* repeated applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents

ATLANTIC MONTHLY.—The *Atlantic Monthly* for November has been received. The contents are as follows: Railway Engineering in the United States; Her Grace the Drummer's Daughter; Work and Rest (Poetical); Thomas Jefferson; a Prisoner of war; The "Washing of feet," on Holy Thursday, in St. Peters (Poetical): Physical Courage; November (Poetical); A visit to the Autocrat's Landlady; The Great Event of the Century; The Last Look; A sample of constancy. It is one of the very best numbers yet published, and will be sought for and read with avidity.

The Laying of the Cable, or the Ocean Telegraph; being a Complete and Authentic Narrative of the Attempt to Lay the Cable across the Entrance to the Gulf of St Lawrence in 1855, and of the Three Atlantic Telegraph Expeditions of 1857 and 1858 with a Detailed Account of the Mechanical and Scientific part of the Work, as well as Biographical Sketches of Messrs Cyrus W. Field, William E. Everett, and other Prominent persons connected with the Enterprise. Illustrated with Portraits, Engravings of the Machinery, and Scenes in the Progress of the Great Work. By John Mulaly, Historian of the Enterprise. New York: D. Appleton and Company. 1858.

This is a duodecimo volume of over three hundred pages, profusely illustrated, giving as the title indicates, a detailed account of the various Cable enterprises since 1855, written in an exceedingly attractive style, and intrinsically as well as historically interesting. Whatever may be the ultimate fate of the enterprise, it will ever live as one of the most stupendous scientific achievements in the world's history. The price of the book is 50.

When Queen Victoria went to Leeds she stopped at the Mayor's house, but refused even to see the lady Mayoress, though the poor husband spent about £10, in order to entertain his royal guest properly. The newspapers made some talk about the matter, and the Queen sent the aggrieved lady a handsome bracelet, which quite settled the difficulty—the Mayoress immediately pocketing the affront and accepting the present with becoming meekness.

This was decidedly mean, and sadly at variance with the cherished opinions of her Majesty's high and noble disposition. It is the first mean act which we recollect having seen recorded against this lofty personage.

MR. EDITOR.—Having noticed an unusual number of fast teams pass through Broad Street for a few days past, I have concluded their drivers were bound for Joshua Coggeshall's, Middletown, in quest of their unpaid dollars, halves and quarters, awarded by the Aquidneck Fair, or if they do not have to pay more than double their premium for a team, I congratulate them on getting a ride at a reasonable rate once, provided they do not miss finding the veritable Joshua's residence at home. Now for the benefit of those who are not well acquainted with that part of the land in that famous town, I would recommend that they take the east road, at the two mile corner, and by the aid of the English tongue which they are supposed to carry in their heads, they will soon learn whether he lives in that neighborhood; if not they can return by the west road. If they are still unsuccessful, there will be the Green End road to explore, which will prolong their ride to a very agreeable length, and lead them home over the benches.

Now economy suggests (at the risk of spoiling a delightful trip,) that the Aquidneck Society might make arrangements with the City Clerk to distribute premiums on such deserving articles as he may have forwarded to the Fair, and a grateful public would doubly appreciate his services.

A FORMER "UNPAID ENCOURAGED."

The infamous **Prize Fight** which has created so much excitement among the "sporting fraternity" for some time past, took place at Long Point, on the Canada shore, about 75 miles from Buffalo, Wednesday afternoon. Morrissey and Heenan fought eleven rounds in twenty-two minutes, when Morrissey was declared the victor. The prize fought for was a purse of $2000. There are said to have been nearly two thousand spectators of this brutal exhibition.

The Light-House Board has given notice that on and after the first day of January, 1859, vessels approaching or passing lightvessels of the United States in foggy or thick weather, will be warned of their proximity by the alternate ringing of a bell and sounding of a fog horn on board of the light-vessel, at intervals not exceeding five minutes.

During the late tornado in western New York, a house was turned around as neatly, as not to disturb a clock which was standing unfastened in it.

Why is it easy to break into an old man's house? Because his gait is broken, and his locks are few.

CHAPTER III.

Apportionment of Lands—A House of Entertainment—Organization of the Train Bands—Choice of Treasurers—Erecting Stocks, Whipping Post and Prison—Building of a Mill—The First Criminal:—Training Day—Public Baker appointed—Building of a Water Mill—John Lutner absconds—Action of the "Body" concerning him—The Venison Trade.

At the next meeting, which was held seven days subsequent, the orders related wholly to the apportionment of land to the various individuals composing the "Bodie Politick," with the exception, however, that it was "ordered and agreed upon by Generall consent that Will. Balston shall erect and sett up a howese of entertainment for Strangers, and also to brew Beare and to sell wines of strong waters and such necessary provisions as may be usefull in any kind."

Among the orders passed at the meeting following, held the 27th of June, were the following:

"It is ordered by generall content, that Wm. Balston and Edward Hutchinson are chosen Sergeants of the Traine Bands, and Samuel Wilbore Clarke thereof, and Randall Hudden and Henry Bull are chosen Corperalls.

* * * * * * *

"Mr. William Hutchinson and Mr. John Coggeshall are chosen Treasurers for the Company for one whole year next ensuing, or untill such time as others may be chosen.

* * * * * * *

It is ordered that Mr. Sanford, with four others shall presently repair the Highways between Titicutt and Aquidneck, and be paid out of the Treasury."

There seems to have been a difficulty experienced in bringing and keeping "the people" at the meetings of the "Bodie Politick;" for at no one meeting since the first, had there been more than 16 of the 19 present, and at one time only ten. To remedy this difficulty, and probably as a source of revenue, at the above meeting, therefore, there was passed the following:

"It is ordered that if any of the Freemen of this body shall not repair to the publicke meetings to treat upon the publicke affairs of the Body, upon publick warning (whether by beate of the Drumm or otherwise) if they fayle one quarter of an hour after the second sound, they shall forfeitt twelve pence; or if they depart without leave, they are to forfeite the same summ of twelve pence."

In the meantime some uneasy spirits had begun to manifest themselves in the Colony, which leads us to believe that they were not all partakers of that faith which actuated the "Bodie Politick" in framing laws for their government. Hence we see that at the next meeting, held on the 20th of August, two months later, the following significant order, or rather "agreement," was passed:

"It is agreed that a pair of Stockes with a whipping post shall forthwith be made, and the charges to be paid out of the Treasury."

At the same meeting Richard Dummer, Nicholas Easton, William Brenton and Robert Harding were admitted as Freemen, increasing the number to twenty-three.

It was only three days after that it was found necessary to call another meeting of the Freemen, when among other things it was ordered

"That a Howse for a prison, containing twelve foot in length and tenn foote in breadth, and ten foote studd, shall forthwith be built, of sufficient strength, and the charges to be paid out of the Treasury."

The oversight of the work was committed to Mr. William Brenton, and in payment for his services he was granted "the remainder of the Grass, which is yet uncut at Hog Island, to mowe this yeare for his necessity."

Mr. Richard Dummer, about this time, "undertooke" to build a mill, "which was conceived to be usefull to the plantation," and it was ordered that "he should be accommodated answerable to a Man of a hundred and fifty pounds estate allotments."

The "House for a prison," and the "Stockes," it seems, were not ordered any too soon; the "Beare" and "wines of strong waters" authorized to be sold by William Balston were not long in finding customers, nor those customers in imbibing to that extent that developed their propensity for mischief. In the proceedings of a "Generall Meeting" on the 15th of September, about four months after the licensing of Balston, we find the following:

"By virtue of a Warrant, George Willmore, George Parker, John Lutner, John Arnold, Samuel Smith, Robert Stanton, Anthony Robinson, John Vahun, being summoned to appeare before the Body for a Riott of Drunkenesse, by them committed on the 13th of the 7th month: [August.] It was accordingly agreed and ordered in regard the default was different in some circumstances, That George Willmore and George Parker should pay into the Treasury five shillings a piece, and to sett till the evening in the Stockes; and that John Lutner should pay 5 shillings and sett one houre in the Stockes; and that Samuel Smith, Robert Stanton, Anthony Robinson and John Vahun should pay 5 shillings a piece as a fine for their default.

It is further ordered, that Mr. Easton, Mr. Coggeshall, and Mr. Wilbore shall view all such damages that are done upon the Corne and other fruits, and accordingly shall give information to ye Body."

Though it is not so stated in the record, it is fair to presume that these individuals, under the influence of strong drink and actuated by a spirit of mischief, had entered a field and wantonly destroyed the corn therein.

The next meeting was held on the 5th of the 9th month, [October,] when the first training of the militia of the Island was ordered, as follows:

"It is ordered that on the 12th of this 9th month there shall be a generall day of Training for the Exercise of those who are able to beare armes in the rate of millitary discipline, and all that are of sixteen yeares of age, and upwards to fifty, shall be warned thereunto."

It was also ordered, "that Mr. Edward Hutchinson shall Bake Bread for the use of the plantation, and that his bread for the assize shall be ordered by the Body."

At a "Generall Meeting" on the 16th of October, certain privileges were granted to Mr. Nicholas Easton, in consideration of a "Water Mill which the said Mr. Easton hath untaken to build for the necessary use and good of the plantation; and further it is granted to the said Easton that he shall have liberty to fall and carry away any such timber as shall be of necessary use for the present building of the Mill." There are, we believe, but two places on the Island where there could have been found sufficient water for a mill of this description—one at Lawton's Valley, on the west, and the Glen, on the east side. Which of these places, if either, was selected, we are unable to say.

The fining John Lutner 5 shillings and placing him one hour in the stocks, appears to have disturbed his mind somewhat, and given him an unfavorable opinion of the Colony; for in less than two months from the time this "honor" was conferred upon him, we find John suddenly clearing out without even stopping to settle up his affairs. In the proceedings of the above meeting we find the following action of the "Body" concerning his goods and chattels:

"Forasmuch as John Lutner, Carpenter, is departed the Island without leave or license, and is found to be indebted to sundry persons; It is therefore ordered, that Mr. William Brenton and Mr. John Coggeshall shall seise upon his howse and what he hath in the same, and shall satisfie themselves and others of his Creditors, so farr as it shall goe, being by them lawfully prayed."

That there were deer upon the Island at the time of and for several years after its settlement, is a matter of history, of which the following is a single instance:

It is ordered that Mr. Coggeshall and Sargent Hutchinson, and Mr. Willbore, and Mr. Dyre, are appointed for the Venison trade with the Indyans, and that they are not to give them above three half pence a pound in way of trade, and that those truck masters doe sell forth the said Venison for two pence a pound; a farthing for each pound being allowed to the Treasury, and the rest be unto themselves for their attendance thereon."

HUMAN REMAINS.—In excavating for the cellar of Mr. Charles H. Russell's new house at the South end of Spring Street Saturday, the workmen came across the remains of a human being, very much decayed and broken. They were but a short distance beneath the surface, and had probably lain there some 200 or more years. A portion of the skull which we have in our possession, is nearly half an inch thick, showing the possessor to have been most emphatically a thick headed man, (if man it was.) Buried with it were some curious ornaments, shells, &c. The Mayor took the bones in charge, and had them buried in the City burial ground.

Communicated.

DEAR MR. EDITOR:—Here are a few words in answer to the precious trash (poetry not excluded) somebody in behalf or purporting to emanate from Joshua Coggeshall of "old Middletown," Treasurer of the Aquidneck Agricultural society in whose behalf he claims to write.

First—Does the writer expect that any man in Newport will make a journey to the village of "old Middletown" to hunt up Joshua Coggeshall and present a claim for one dollar, awarded him by the munificence of the Aquidneck Agricultural Society for his encouragement? Such an expedition, with any hope of pecuniary gain, would be simply ridiculous. Why does not the Society appoint some agent in Newport, where a large portion of the unpaid encouraged reside, (if their award be made in good faith) to pay their premiums?—Why—it needs no Solomon to answer—These small sums (too petty for individuals to trouble themselves about when it involves a pilgrimage to "old Middletown for their collection,") make a total, which total is saved to the society's treasury, and who does not know that even a penny saved is a penny gained. By the by, Mr. Correspondent, Unknown, is the schoolmaster abroad in old Middletown, for you wrote amazingly bad poetry, and between ourselves poetry and musing fun are hardly in your line.

And surely my dear unknown you say that one of my half dollars are "for you for imparting such important information to a craving public."

You are too modest my dear Unknown. Pray keep them both; They are a free gift; and take the blessings with them, of still

Mr. Robert Wilson has our thanks for some beautiful specimens of "Sekel," "Urbaniste," "Louise Bonne De Jersey" "Swan's Orange" and other kinds of Pears. We understand that he has them for sale in large and small quantities at his store on Thames street.

The house of Mrs. Parkman, on South Touro street, has been sacked by some thief or thieves who have damaged the doors, bureaus, &c., to a considerable extent. It will be seen by an advertisement, in another column that a reward of one hundred dollars has been offered for the apprehension of the rascals.

A man named Lewis Berriers, a French man, entered the Trinity Methodist Episcopal Church, in New York, on Sunday forenoon, and shortly after seating himself drew a revolver and fired at the pastor, Rev. M. D. C. Crawford. The ball passed close by the minister's head and entered the wall back of the pulpit. The man, who was evidently insane, was seized. He said that Mr. Crawford had insulted him in his sermon in the morning.

Improved Fire and Water Proof

Felt and Composition Roofs.

THE subscribers would respectfully call the attention of persons building, or about to build, to the above composition, which they have used to the entire satisfaction of many persons in this community who have lately put roofs upon old, as well as new buildings of every description. These roofs have been pronounced by Architects, Builders, and others who have a knowledge of their merits, to be of greater durability, and to be possessed of fire and resisting properties to an extent beyond that of any roof now in use. ☞ The materials of which these roofs are composed are not affected by temperature. ☞ They will not expand or contract with heat and cold, like roofs of iron or tin. ☞ The cost is much less than any other fire proof roof in use. ☞ They are not effected by the jar of machinery. ☞ In case of injury, no roof is so easily and cheaply repaired. ☞ We not only state these facts, but can substantiate them, by referring to those who have patronized us for the last two years, and would request all those who are about to put on new roofs, either to new or old houses, to call upon us before looking elsewhere, when we think they will be satisfied that we can furnish them with the best roof now in use. THE LIVER INVIGORATOR.

PREPARED BY DR. SANFORD.

Compounded Entirely from Gums,

IS One of the best Purgative and Liver Medicines now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

[illegible]

All who use it are giving their unanimous testimony in its favor.

☞ Mix Water in the mouth with the Invigorator, and swallow both together.

THE LIVER INVIGORATOR IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common Headache, all of which are the result of a Diseased Liver.

Price one dollar per bottle.

THE Restorative of Prof O. J. WOOD for restoring hair perfectly and permanently has never yet had a rival. Volume after volume might be given from all parts of the world and from the most intelligent to prove that "it is a perfect Restorative;" but read the circular and you cannot doubt; read also the following:—

☞ THE HAIR.—People have for centuries been afflicted with bald heads, and the only remedy, heretofore known, has been those abominable wigs. By a recent discovery of Professor Wood these articles are being fast dispensed with, but a great many persons still patronize them, because they have been so often imposed upon by Hair Tonics, &c. [illegible] To all such persons we earnestly make the request, that they will try once again, for in Wood's Restorative there is no such thing as fail. [illegible] was bald, [illegible] the article a short time, and her head is now covered completely with the finest [illegible] We know [illegible] rapidly falling out, which it restored [illegible] before.

It is also without doubt one of the best articles for keeping the hair in good condition, making it soft and glossy, removing dandruff [illegible]

It is the duty of every one to improve their personal appearance, though some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair, either in man or woman, is an object much to be desired, and there are no means that should be left untried to obtain such a consideration.—(Woman's Advocate, Philadelphia.

HAMMONTON LANDS.
NEW ENGLAND SETTLEMENT.

RARE OPPORTUNITY.—TO ALL WANTING FARMS—In a healthy place, *twenty-five miles from Philadelphia*, on the Camden and Atlantic railroad, New Jersey. An old estate has recently been opened for sale, and the first division of 10 000 acres divided up into farms of twenty acres and upwards. The soil is of *the best* quality for the production of fruits, grains, &c. The price is $15 to $20 per acre, payable in easy quarter yearly Instalments, within a term of four years, with interest. The terms are made easy, in order to insure the rapid improvement of the land, by enabling *every industrious man to buy a farm*. It is now being extensively improved by good roads, and some of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement out of Philadelphia. Seventy five houses have been built in four months. Practical farmers and business men from the length and breadth of the Union are settling there. It is an important business place, on account of its being in the midst of a great market. Every article raised upon this land finds an immediate sale. The water is excellent, and no such thing as fever is known.

The soil is a sandy or clay loam, with *a clay bottom and retentive* of manures. It is free of stones and easily worked. It abounds largely in the phosphates, and such is its fertility that from the crops produced both upon this land and the large area adjoining under cultivation, it will be found not to be excelled anywhere in the production of crops most adapted to its market.

The reader may be well aware that the earliest and the best fruits and vegetables come from New Jersey, which are annually exported to the amount of millions of dollars. The land, besides being accessible in every way for fertilizers, has an abundant supply of the best quality of muck manure.

Lumber and building materials can be had on the spot at a cheap price, from the mills. Other mills are now being opened, and brickyards being started on the ground. A person can put up a frame tenement for present convenience for one hundred dollars. On account of the extensive emigration, this is the best course to pursue in order to get a place to live in at the first. Carpenters and builders are on hand to put up houses on the best terms.

In settling here the emigrant has many advantages. He is within a few hours' ride of the great cities in the Middle States and New England; he is near his old friends and associations; he is in a settled country, where every improvement and comfort of civilization is at hand; he is in a healthy place, and is not subject to the certainty of losing the greater part of his family and his own health by those malignant fevers which make the graves of so many millions of the young and hardy in far off regions away from home and friends. Besides, he has a mild climate and an open winter.

There are three trains daily to Philadelphia, and to all those who improve the railroad company gives a free ticket.

The reader will be at once struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless these statements were correct no one would be invited to examine the land before purchasing. This all are expected to do. They will see the land under cultivation; they will meet persons, no doubt, from their own neighborhood; they will witness the improvements, and can judge of the character of the population. Persons should come prepared to purchase, as many are locating, and locations are not held on refusal.

The Hammonton Farmer, a monthly Literary and Agricultural sheet, containing full information of Hammonton, will be sent to each inquirer, and can be obtained at 25 cts per annum.

Title indisputable. Warrantee deeds given, clear of all incumbrance, when purchase money is paid. Route to the land: Leave Vine street wharf, Philadelphia, for Hammonton by rail road at 7 1-2, A. M., and 5 1-2, P. M.; when there inquire for Mr. Byrnes. Boarding conveniences will be found. Letters and applications can be addressed to S. B. COUGHLIN, 202 *South FIFTH Street, below Walnut, Philadelphia. Maps and information cheerfully furnished.* a26

Medicines.

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical *profession* of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known. Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond any thing which men have known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with billious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him.

Have you the less serious symptoms o these distempers, they are the easier cured, jaundice, Costiveness, Headache, Sideache, Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout, and kindred complaints all arise from the derangements which these PILLS rapidly cure. Take them perseveringly, and under the counsel of a good Physician if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the devils of old—they must burrow in the brutes and in the sea. Price 25 cents per box—5 boxes for $1

A CARD TO THE LADIES.

DR. DUPONCA'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others, that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 152 Thames street, corner Church st. eet, and at 12 Washington Square, opposite State House. Orders for the trade so [illegible] will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to *STURGIS & CO.*, Box 591, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country. a25—

Medicines.

DR. DOW'S
GRAND MEDICAL HOUSE AND OFFICE,
NO. 7. ENDICOTT-ST., BOSTON. NO. 7.
Established for the permanent cure of all Private Diseases and the Suppression of Quackery.

DR. DOW, so well known for the last fifteen years in this city, where he has confined his practice to the treatment of mercurial, syphilitic and other diseases of a private nature, is consulted above, from nine in the morning till seven in the evening. Patients must call during office hours. Office not open on Sundays.

All chronic and difficult cases, such as have existed for years, are completely and permanently cured in the shortest possible time by the Doctor's improved course of treatment.

MEDICAL ADVICE.—As it is always important to obtain the services of an experienced and skillful physician call on the celebrated Dr. Dow, No. 7, Endicott street.—*Med. and Surg. Jour.*

DR. DOW will say nothing of his qualifications as a Physician and Surgeon, being a graduate of the University of Pennsylvania, Licentiate of the State Medical Society of N. Y., and for more than twelve years a practitioner of this city, during which time he has no doubt cured more of those difficult and chronic cases (such as nothing but practical experience can ensure success) than by other physicians in Boston.

By his late improved course of practice, Gonorrhœa, Gleet, Strictures, and other local affections of the urinary and seminal organs, are cured in a very few days without mercury, regard to diet, or fear of exposure.

SECONDARY SYPHILIS, &c.

Scrofulous affections, ulcers in the throat or neck, nodes and caries of the bones, eruptions on the skin, and every impurity of the blood thoroughly and completely eradicated. Persons afflicted with any private complaints should call as early as possible after contracting the disease, as much time and money may be saved thereby.

TO YOUNG MEN.—You who are troubled with seminal weakness, generally caused by a bad habit in youth, the effects of which are nocturnal emissions, pains and dizziness in the head, forgetfulness, sometimes a ringing in the ears, weak eyes, &c., terminating in consumption or insanity, if neglected, are speedily and permanently cured by Dr. Dow.

TO MIDDLE-AGED OR EVEN OLD MEN, whose procreative organs have become inactive or weakened by the excesses of any kind, but especially bad habits in youth, Dr. DOW would respectfully say that from the extensive practice which he has had in treating the above complaint for over fourteen years, he is enabled to guarantee a perfect cure in all cases; that is, a restoration of those organs to their natural and healthy state. Hardly a day passes that he is not called upon to cure the above complaints, and he is happy to say that his course of treatment has invariably effected a speedy cure.

Beware of all kinds of Exhilerating Cordials; as they are of no use.

To the unhealthy, the mere mention of the name of the far-famed and justly popular physician, Dr. Dow, that he can at all times be found at home that he is surpassed by none in curing all forms of disease however protracted, ill-treated, or mercurially affected, is a consolation to his patients, and an honor to himself.—*Balt. Amer.*

All afflicted with private complaints, if possible, should consult Dr. Dow, whose medical education is not surpassed by any physician in the country. In his skill, honor and integrity, all may rely with safety, while most all of the medical practitioners are without honesty or responsibility; their pretensions being grounded in ignorance and assumption.—*Republican Argus.*

There are a great many young men whose cases have become very difficult of cure, either from neglect or ill treatment. We would advise all such to call on Dr. Dow, of Boston, whose practical experience in certain diseases no doubt exceeds that of any other physician in America.—*Journal of Health.*

Dr. Dow consults with physicians, as usual, on difficult chronic diseases. Charges reasonable.

TO FEMALES.

All diseases peculiar to females, such as suppressions, irregularities, &c., speedily and effectually removed. The efficacy of his remedies for the cure of the above affections, has been well tested in his extensive practice for the last fifteen years in this city, and never was known to fail in effecting a cure where the directions were followed a reasonable time.

HOWARD ASSOCIATION.
PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

THE Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give Medical Advice Gratis, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to Furnish Medicines Free of Charge. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their annual report upon the treatment of sexual diseases, for the year ending July 1st, 1858, expresses the highest satisfaction with the success which has attended the labors of the consulting surgeon in the cure of Spermatorrhœ, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the vice of Onanism or self abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. George R. Calhoun, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.

SPANISH GOLDEN MIXTURE.
FOR FEMALES.

THIS elegant vegetable compound has long been used by the Spanish ladies, for regulating the derangements of the female system, and for improving the general health and beautifying the complexion. It is a warm, ing, stimulating and tonic cordial; enriching and purifying the blood, quickening the circulation, imparting color to the lips and cheeks, brilliancy to the eyes, and a clearness and freshness to the complexion not attainable by any other means,

As a Female Medicine it has no equal. It will remove female obstructions when all other remedies have failed, and a few doses taken for one week before the monthly period will prevent all obstructions *from any cause whatever*. This may seem incredible, but try it. If it fail in any case the price will be refunded. Sent to any part of the country. Price $3.00 per bottle

Medicines.

"Buy Me and I'll Do you Good !"
Now is the time to use the Great Spring and summer Medicine.

Dr. LANGLEY'S ROOT AND HERB BITTERS.

Composed of Sarsaparilla, Wild Cherry, Yellow Dock, Prickly Ash, Thoroughwort, Rhubarb, Mandrake, Dandelion, &c.—all of which are so compounded as to act in concert and assist Nature in eradicating disease.

The effect of this medicine is most wonderful—it acts directly upon the bowels and blood, by removing all obstructions from the internal organs, stimulating them into healthy action, renovating the fountains of life and vigor, purifying the blood, cleansing it from all humors, and causing it to course anew through every part of the body. They cure and eradicate from the system Liver Complaint—that main-wheel of so many diseases—Jaundice in its worst forms, all Billious diseases and Foul stomach, Dyspepsia, Costiveness, Humors of the blood and skin, Indigestion, Headache, Dizziness, Piles, Heartburn, Weakness, Pain in the Side and Bowels, Flatulency, Loss of appetite, and all kindred complaints caused by a torpid or diseased Liver, a disordered stomach, or bad blood, to which all are more or less subject in spring and summer.

If taken in large doses, fever and ague may be broken up and cured at once. This has become a standard medicine, and is decidedly the *best* the world ever saw.

Price only 25 cents for the pint, and 37 1-2 cents for the quart bottle.

ROSE MARY

Combines everything required to give richness, beauty and elegance to the hair. It removes dandruff and relieves headache. To force the growth, to prevent falling off, and restore hair to bald places, it has been used with positive success. It is presented to the public in an open, candid manner, stating, as the name indicates the leading ingredients, viz:—

Rosemary and Castor Oil,

both common and well known articles.

The following persons can be found, and are well known. We give a few extracts from their opinions about the

ROSEMARY.

ABRAM A. TRUAX, Esq., Rotterdam, N. Y., writes—"Am 75 years of age, and was bald 35 years; have used two bottles of your Rosemary, and my hair is now two inches long." &c.

REV. SYLVANUS COBB, Boston Mass.—"We had rather pay for it than have other preparations for nothing," &c.

MRS. D. TAFT, Cambridge, Mass.—"Have used your Rosemary with great success in keeping my hair black, as age was turning it fast."

MR. DANIEL B. CONNOR, Boston, Mass.—"Eight months ago I was bald—my hair is now long and healthy—I know your Rosemary has forced it to grow," &c.

OSSIAN E. DODGE, Esq., Vocalist, now of Cleveland, Ohio—"It gives a rapid growth and dark glossy texture, and does not soil the hat or pillow in the least; I know of nothing so valuable for the hair."

FRANCIS ADAMS, Esq., Boston, Mass.—"It is the best thing for children's hair—the ladies are delighted with it," &c.

REV. O. W. DENISON, Buffalo, N. Y.—"I find it excellent for the hair."

MRS. L. SWEENY, Boston, Mass.—"It restored my hair to bald head, and from grey to black color," &c.

HON. C. HUNT. Lowell, Mass.—"To remove dandruff, and keep the hair moist and glossy, we have never found anything so good."

M. HOFFMAN, Esq., (Editor of German Weekly,) Boston, Mass., and his wife Eva, say—"It causes hair to grow vigorously—gives beauty and splendor—is better than European articles," &c.

C. H. STOCKING, Esq. (Trinity College,) Hartford, Ct.—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but it is now moist."

A. F. WOOD, Chemist, New Haven, Conn.—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary," &c.

REVERE HOUSE, Boston, July, 1857.—"I had no more hair on my head than an infant, seven months ago. It is now thick, healthy, growing rapidly, and of a fine, dark color. I can positively say that J. RUSSELL SPALDING'S Rosemary, obtained at 27 Tremont street, opposite the Museum, has produced this change."—SARAH J. LORD.

TO THE LADIES—The celebrated Dr. Dix particularly requests all ladies who may need a medical or surgical adviser, to call at his rooms, No. 21 Endicott street, Boston, which they will find arranged for their especial accommodation.

Dr. Dix having devoted over 48 years to this particular branch of the treatment of diseases peculiar to females, it is now conceded by all, (both in this country and Europe,) that he excels all the other known practitioners in the safe, speedy and effectual treatment of all female complaints.

Dr. Dix's French Renovating or Female Monthly Pills are to be had genuine only at this office.

These pills are unrivaled in efficacy and superior virtues in regulating all female irregularities. Their action is specific and certain; producing relief in a very short time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practised by advertising a spurious article under some spurious or ficticious name. They are entirely useless, having been got up by miserable pretenders, who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the old doctor at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country, with directions.

The best of accommodations furnished for the sick, with kind and attentive nurses, if they wish, at a reasonable rate.

This office is strictly private, with special apartments for ladies, and is so arranged that it is impossible for patients to come in contact with each other.

Recollect the number—21 Endicott street.

N. B. All secrets are most strictly confidential.

All letters will be promptly answered. Address Dr. L. Dix, 21 Endicott st., Boston.

CONFIDENTIALLY to the afflicted.—Dr. L. DIX still continues his old establishment, 21 Endicott Street, Boston, where he can be consulted on all private complaints. All persons in any way afflicted may rely on a sure and speedy cure being performed.

Dr. Dix has for a number of years paid particular attention to the study and practice of private diseases, and so perfect has he become acquainted with them, that, without boasting, he will warrant an effectual cure in the shortest possible time, no matter how long standing the case may be.

In offering the result of his long study and practical experience to the afflicted, he is governed by humanity only, for so long have they been deceived by miserable quack nostrums, that it is time that some healthy mode of practice should be introduced.

The old doctor professes to be eminently skillful in curing gonorrhœa, gleet, strictures, syphilis in all its stages, primary, secondary, tertiary, or hereditary seminal weakness, nocturnal emissions, general debility, impotency, and all diseases of the urinary organs. The doctor solicits a call from all who may be afflicted with any such disease, feeling confident of success, and at a great saving of time and money to his patients.

The doctor can be consulted by letter, if the disease is accurately described, medicines will be immediately forwarded, carefully concealed.

Please remember the name and No. as Dr. Dix has nothing to do with any other office at 21 Endicott st.

P. S. The best accommodations will be furnished the sick of both sexes, with kind and attentive nurses, and at a reasonable rate.

All letters requiring advice, must contain one dollar, or no notice will be taken of them. Address Dr. L. Dix, 21 Endicott st., Boston. jy1 ly d

LOTTERIES.—The well known Maryland Consolidated Lotteries, of which R. FRANCE & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the manager call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day in the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes hand. The prices of tickets vary from $1,00 to $20.—No tickets however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan), and Ternary combination. Prizes vary in amount from $20 to 1000,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over. Address
